Programme Outcomes

This programme leads to registration in the category General Nurse (GN R.171 of 8 March 2013). The Registered General Nurse with the qualification Diploma in Nursing will have the necessary knowledge and skills to render nursing care to patients with a wide range of conditions in a variety of healthcare settings and manage a nursing unit.

Programme Duration

36 Months

Target Group

Grade 12 / NVC level 4 Primary Health Students

Format of Tuition

Teaching is contact-based, using problem-solving and self-study in health care settings. Training is accompanied by professional personnel, in simulated and real-life settings. Teaching is in English and the curriculum is outcomes-based.

Language of Instruction

English

Applications:

Visit Mediclinic website at:

<https://careers.mediclinicstudents.co.za/>

The following will be required as soon as the application system opens: required:

- Short CV
- Certified copy of grade 12 certificate or grade 11 academic results
- Certified copy of the front page of the ID book
- Proof of non-refundable application fee paid
- Proof of South African citizenship, if applicable.

- Grade 12 English with a minimum mark of 40% (1st or 2nd language)
And
- Computer Literacy at NQF Level 3 with a minimum mark of 40% will serve as a recommendation

Recognition of Prior Learning

Applicants who do not meet the minimum admission requirements can apply for access to the programme via Recognition of Prior Learning (RPL). The RPL applicant has to meet the following minimum requirements:

- Have a valid Matric (grade 12) with admission to a Diploma or equivalent with 50% average or old senior certificate: D-aggregate (950 marks)
- If a candidate does not have one of the following subjects: Biology (Life Science) or Physical Science (on a Grade 12 level), he/she can apply for entrance to the programme via RPL, if:
- 25 years and older
- Have a minimum of 5 years operational experience in healthcare
- Write and pass the relevant RPL course

Payment of a non-refundable application fee

Recognition of prior learning based on criterion-referenced assessment students with healthcare-related experience, if applicable

South African Citizenship

Applicants will also undergo psychometric testing, an interview and a health assessment as part of the selection process.

You may have to travel to the nearest approved learning centre for theoretical instructions.

Fees and Funding

Mediclinic Higher Education determines the fees annually. The fees (including uniforms) are subject to change and are published on the Mediclinic website. A registration fee of 50% of the total annual fee is required. The second payment of 50% is due by the end of June. No student will be allowed to progress to the following study year if there are any outstanding fees.

A certain number of bursaries will be allocated by Mediclinic each year.

Bursary students will also be provided a stipend to assist with living expenses, though students are expected to arrange accommodation and transportation to and from the various clinical facilities.

Students are responsible for the cost of any prescribed and recommended books. Other institutions requesting training for their employees will be invoiced prior to programme commencement.

Programme Timetable

Invitation for Applications	Closing Date for Applications	Commencement of Programme
N/A	1 May to 30 June	January

Rules and Requirements

- Students must have an average mark of 50% for each module to gain entrance to the examination.
- A theory examination mark of 50% per module is required to pass the examination.
- A theory final mark of 50% per module is required to pass each year.
- Competency must be achieved in all formative and summative clinical assessments.
- Students will need to fulfil all requirements to complete each study year and obtain the final qualification.
- A supplementary theoretical and clinical examination will be granted.
- Students may maintain credit for the theoretical/practical portions of the programme passed if they have to repeat the year.
- Mediclinic will place students for the clinical component of the programme.
- All students must work a 42 hour week minimum to qualify.
- Students may not work permanent night duty during the programme.

Contract

Students will be expected to sign a contract with Mediclinic; bursary students will have to work back a period equal to the length of the programme on successful completion. If a bursary student does not complete the programme successfully, he/she will be liable for the programme costs and administration costs.

Student information will be shared with legislative bodies and be used for BBBEE purposes.

Code of Conduct

All students are subject to the Mediclinic grievance procedures and the disciplinary code that governs workplace conduct. Policies and procedures are available to deal with student appeals and complaints.

- Twenty-eight shifts (of 6 hours) leave (per year) will be granted during the programme (according to the rotation schedule).
- Twelve (12) days of sick leave will be granted per year.
- If all the practical requirements cannot be met in the student's work setting, he or she will be placed in another facility by the Facilitator, in collaboration with the Nursing Manager.
- Clinical accompaniment is provided by the educator/facilitator, trained mentors, and registered professional nurses.

The student must provide:

- Evidence of clinical competence
- A complete portfolio of evidence

Mission Statement

Our mission is:

- To deliver measurable quality training outcomes, governed by sound educational principles, evidence-based practice and adherence to legislation.
- To contribute to the development of skills relevant to health care service delivery nationally.
