MEDICLINIC PANORAMA CONFIRMS LOCALISED FIRE

At approximately 7:40am on Thursday, 6 October 2022 a fire broke out within the kitchen of the coffee shop at Mediclinic Panorama.

Emergency services were quickly on the scene, and the fire was brought under control with a minor flare up after the initial fire. We can confirm that no patients were injured, while one staff member received minor injuries, and two were treated for smoke inhalation. To ensure the safety of our patients, various wards in the vicinity of the fire were temporarily evacuated and patients have since been returned to their units.

We would like to thank all the supporting services for their efficient support towards ensuring that the situation was swiftly brought under control.
