

COVID-19 UPDATE

19 March 2020

TO: Pharmacy Managers

CC: Hospital Clinical Managers

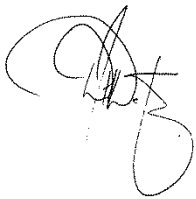

Annelia Bezuidenhout

Stock instructions and rapid action

In due course instructions will be given to procure stock (surgicals and medicines). It is imperative that you act IMMEDIATELY on these instructions and do not leave it. By delaying the instructions you will potentially be left without stock. We are attempting to ensure continuity of supply but rely on each pharmacy to assist.

Should you need to assign/prioritise personnel to deal with this, kindly do so.

Thank you for your understanding and co-operation.

A handwritten signature in black ink, appearing to read "D. Defty".

Douglas Defty

Pharmacy Services Executive
