

PHARMACY NOTICE CORONAVIRUS PANDEMIC IMPORTANT INFORMATION FOR PATIENTS

OUR PHARMACY ADHERES TO PRESCRIBED PROTOCOLS
IN AN ATTEMPT TO MINIMISE INFECTION RISKS.

- Only patients are permitted to enter the pharmacy.
- Patients should not enter the pharmacy if they are experiencing any of the following symptoms: fever, cough or shortness of breath.
- All patients must use hand sanitiser before entering the pharmacy.
- It is imperative that patients exercise social distancing to reduce their risk of exposure to infection. All patients must adhere to the access control measures and be cognisant of the demarcated lines/tape/barriers - this will ensure that patients are able to maintain a safe distance between themselves as well as pharmacy personnel.
- Patients should refrain from talking unless absolutely necessary to minimise droplet spread.
